

Sponsorship:

Partnership Opportunities: We are committed to getting to know your specific goals. A variety of partnership opportunities are available to you and can be customized for you or your organization.

Corporations and/or individuals that make a vital tax-deductible donation each year become part of our IHHS Inner Circle. Those that believe in our mission and share our commitment to transforming the lives of our children while contributing to enhancing and making a difference in our community. In appreciation, our Partners are invited to go behind the scenes, receive invitations to special events, are recognized in marketing materials, on our website, social media and have volunteer opportunities for your corporation or your family.
